

Academy

www.ftwautism.com

Our Academy provides schooling for children with Autism and other Learning Exceptionalities. We are committed to providing the highest level of care, support and education by using suitable teaching styles to meet each child's individual needs. Our academy follows the Ontario Board of Education Curriculum and guidelines, with suitable modifications tailored to each individual. Our staff are qualified both as teachers, and as Instructor Therapists trained in Behavioral Therapy. Staff work with our Senior Therapist or Registered Psychologist to collaborate the best possible curriculum for your child. Classroom sizes are no more than five students to assure children are given the attention they need. Through our therapeutic and educational program all children are able to grow, learn and reach their ultimate potential.

Students who turn 4 by December 31 of the applicable school year may be enrolled in our JK Program. Those students who turn 5 by December 31st of the applicable school year may be enrolled in our SK Program.

Our Kindergarten Program allows students to work on Language Skills, Math, Science, Art and Life Skills. Our children are grouped into small groups according to skill level which will ensure students needs are met.

Curriculum for our Kindergarten students are based on the Ministry of Ontario Guidelines with enhanced areas such as Life Skills. We

emphasize a well balanced program however children will be supported to move through skills at their own pace.

Our students are placed in small groups such as a 1:3 ratio for those children who need increased support, and a 1:5 ratio. Children who are not ready for this program may be offered additional support.
